Manicure Treatments

All spa manicure treatments except Express Manicure include cleansing, shaping, cuticle care, nourishing, massage, and buff or polish.

Spa Manicure

A relaxing and refreshing treatment for the hands. Your fingers are soaked in an aromatherapeutic foaming bath. The nails are reshaped, cuticles are cleaned up, and the hands are massaged with a refreshing warm lotion. 200.

Fresh Start Manicure

Wash away the fatigue in your hands. A fresh mint bath with essential oils enlivens the sensations in your hands. A hand peel then removes dead skin leaving hands fresh and baby-smooth. The treatment completes with a soothing massage 360.

Rosy Rosie Manicure

A bath of rose petals, rose essential oil, milk protein, and fresh mint will soften your hands and refresh your cuticle. It is followed by a rose exfoliation to reveal your vibrant new skin. Then we tone your hands with rose water mist. Finally top it off with a relaxing hand-to-elbow massage and a hydrated paraffin. 430.

Express Manicure

Perfect when you are on-the-go. Nail shaping and application of nail polish only. 120.
